PROFILE

Wittex International proudly offers a comprehensive range of premium-quality podiatry instruments, designed to meet the demanding requirements of modern foot care professionals. Our instruments are trusted by podiatrists, chiropodists, surgeons, and foot care specialists worldwide for their precision, durability, and consistent performance.

Podiatry instruments are specialized surgical and clinical tools used in the treatment of nails, skin, soft tissues, and bone structures of the foot. These instruments are essential for procedures such as nail trimming, callus removal, ingrown toenail treatment, and minor surgical interventions.

At Wittex International, each instrument is manufactured with high-grade materials, advanced techniques, and strict quality control, ensuring reliability and long service life in professional environments.

We hope this catalog will be helpful for professionals in selecting the right instruments to meet their clinical needs.

Podiatry Bur Range

Supplied in individual easy to open packs.

The Robinson Healthcare range of Instrapac Podiatry Burs has been significantly changed and enlarged to offer Podiatrists the correct product for all types of procedures.

The new range now includes Bud, Pear, Barrel and Tapered Bur designs. All feature a bur shank diameter of 2.35mm to fit all proprietary power tools used by Podiatrists.

- Expanded range to cater for all bur requirements and applications
- High quality diamond grit finish for consistent abrasive action throughout the procedure
- New designs and sizes specifically for thickened nails or hard, calloused skin

new
